I have often the situation, that the system begins to match things noramly do not match in my worldview / mainframe. For example Apple does normally not match ball (similarity: 0.5) since my brain would match above 0.8. There are times where the parameter is lower, so ball and apple matches though. I guess this is not a cyber attack. they just link small kids that are less to me. So i try to questions i always say "This you need to find out and would touch this part of your psyche or answer you such be the (German) ErklärBär, but if they have sexual answer with your equal aged people, decide ans select "the one" wisely.
